

## Talk to us

### Covid-19 Vaccine Confidence

Tell us about your experience of having the Covid-19 vaccine. Have you had any side effects from the vaccine?

**Not planning to have the Covid-19 vaccine?** We would be interested in hearing your thoughts and views.

### Long Term Covid

Are you suffering from the effects of long-term Covid? We would be very interested in hearing about your experience.

### Health Care

Do you have a story to tell about accessing your GP or hospital appointment? Tell us about your experience, good or bad we want to hear from you.

**It only takes minutes to share your feedback but the impact can last a lifetime.**

Healthwatch Bexley

## We can make a difference but we can't do it without your feedback

You can find lots of useful information about health and social care services in the London Borough of Bexley on our website or you can call us if you want to talk things through.

## What is Healthwatch?

Healthwatch is the independent consumer champion created to gather and represent the views of the public. We play a role at both local and national level to make sure that your experiences of health and social care are taken into account by the service providers.

### Our Role

- Enabling people to share their views and concerns about health and social care services in Bexley.
- Helping to build a picture of where services are doing well and where they can be improved.
- Providing authoritative, evidence-based feedback to organisations responsible for commissioning or developing local health and social care services.
- Working with Clinical Commissioning Groups and social care providers amongst others, to help make sure that services are designed to meet local people's needs.

## Why we do it

Healthwatch Bexley has been developed to give the residents of Bexley a stronger voice in influencing and challenging how health and social care services are provided within our region.

### How we make a difference

- Have your say – and we will make sure your voice is heard by those who make decisions on your behalf.
- Provide information about the care choices you have
- Talking and listening to people from every part of the community.
- Holding health and social care services to account
- Improving local health and social care through your feedback.

## Healthwatch is about helping you get the best out of your local health and social care services

We can also help you find the right service for you, your family or someone you care for. Whether this is a health, social care, community or complaints service, give us a call 0208 304 9344.

Healthwatch Bexley can also signpost you to organisations that offer individual support or advocacy services if you wish to make a complaint about a health or social care service.
